

# ACKNOWLEDGEMENT

---

First and foremost, I am deeply thankful to my esteemed faculty members, whose expertise and guidance illuminated every aspect of the training. Their dedication to imparting knowledge and willingness to address our queries has been instrumental in shaping my understanding of solar technology.

I also extend my sincere appreciation to my fellow participants, whose collaborative spirit fostered an environment of shared learning and growth. Engaging in discussions, brainstorming sessions, and exchanging ideas with all of you has truly enriched my learning experience.

I am indebted to my family for their constant encouragement and support throughout this journey. Their belief in my abilities and their sacrifices have been my driving force, inspiring me to push my boundaries and strive for excellence.

Last but not least, I extend my thanks to the administration and staff of NSIC Technical Services Centre for organizing such a comprehensive and insightful training program. The resources, facilities, and hospitality provided during the training period.
